**Ministries:**

Each year several hundred of our members participate in one of many short-term mission projects throughout the world. Projects range from teaching English to building houses, and we encourage members to seek out new opportunities to connect with global missions.

Locally, we engage in numerous community-based outreach ministries including Eastside Academy, an alternative high school located on our campus; Angel Tree, a ministry to prisoners' children; and the Jubilee REACH Center, a local non-profit educational and support ministry launched and partially supported by FPCB.

GetConnected, a volunteer-led ministry, connects congregants with the volunteer and service opportunities of FPCB's on-going programs, effectively utilizing their God-given gifts.

**Prayer requests:**

- The Jubilee REACH Center: wisdom and energy for the leaders, guidance and support for those being served, and that Jesus remain the center of all that is being done.
- The Holy Spirit to rise up and anoint leaders for disciple-making ministries.
- Guidance for our Session to respond to God's call.
